

Galapagos Hiking & Kayaking Adventure

Our Exclusive Catamaran-Based Odyssey is the Most Unique & Exciting Way to See the Islands!

Giant tortoise, Galapagos Islands, Ecuador © S Lindblad

It's no wonder Herman Melville called the Galapagos the "Enchanted Isles." This far-flung archipelago is unique on Earth. Giant tortoises roam misty meadows. Sea lions loll, nonchalant, on pristine beaches. Iguanas bask on sun-baked lava while sea turtles, rays and penguins swim with snorkelers in turquoise waters. Paddling this primeval paradise is a privilege few visitors get to enjoy. Our Galapagos kayaking permit allows us access to remote places that most visitors never see. The *Nemo III*, our deluxe catamaran, whisks us between anchorages and provides comfortable accommodations. Each day we explore a different island, either on foot or by kayak, or sometimes both. The islands are surprisingly diverse, with new discoveries at each spot we visit.

- » A one-of-a-kind active adventure in the world's most unique wildlife destination—plus, hike among the scenic volcanoes and lakes of the Andean Highlands
- » Enjoy a diverse mix of nature hikes, snorkeling and tropical sea kayaking—we hold a special paddling permit from Galapagos National Park
- » Sleep comfortably aboard our exclusive chartered sailing catamaran in private en suite cabins, as we travel overnight between the islands

"Kayaking in the Galapagos gives you such a different perspective than from a ship or from land. You're at eye level with the wildlife, to the point where you feel like you're actually part of their world. It's truly magical!"

— C. Rae

INNOVATIONS in Nature Travel

Galapagos Kayaking Permits

There's nothing like experiencing the marine life of the Galapagos at eye level. That's why we were the first company to secure special kayaking permits from Galapagos National Park back in the 1990s, opening up opportunities to explore the islands outside conventional routes while paddling alongside sea turtles, seals, penguins and more!
